

Garnering Greater Employee Participation

Who's system is it anyway?

Andrea Hurford

teamwork

teamwork

What is Required?

- Required to have a written Employee Participation Plan
- Consult employees and their representatives in identifying hazards
- Information be made available to employees and their representatives
- Cooperative participatory environment

Engage your employees

- Let them know why you are asking them to participate
- Keep asking them
- Let them be joint experts in the system

Harnessing Peer Pressure

- Do they want to participate?
- Keeping each other going
- Employees are affected by the behaviors of others

Physical Environment considerations

- Do you interact with the employees around the chemical systems
- Are you accessible to the employees?
