Stanislaus County
Department of
Environmental Resources
Super Store Industries
The Wine Group

Dear Prospective Sponsor/Exhibitor,

The Central Valley Chemical Safety Day (CVCS D) Committee would like to invite you to the upcoming Annual Chemical Safety Day. The event will be in Turlock, at the Stanislaus County Fairgrounds on Thursday, November 2, 2023, from 7:30 a.m. to 4:30 p.m.

This year's event will include a full day of training and information, for you and your staff, in the following areas: physiology of hazardous chemicals, enhanced emergency response & action plans, safe handling of hazardous chemicals, a live response presentation by our local fire departments, and so much more. Participants will be eligible to receive 8 RETA Professional Development Hours (PDH) for ammonia refrigeration operators and mechanics under CalARP, PSM and RMP.

As a nonprofit organization, our intent is to provide this event without a cost to attendees. All donations will fund this event and future Chemical Safety Days.

We are excited to offer you the opportunity of participating as an exhibitor and/or sponsor at this event.

Please see the attached sponsor/exhibitor form and return it as soon as possible, as space is limited and on a first come first paid basis. Thank you in advance for your participation.

We look forward to having your involvement and support.

Sincerely,

Central Valley Chemical Safety Day Committee
